2). Reunion 2005.
As a result of the poor take up on the reunion 2005 at the Falcon which made it financially non viable, the Committee reluctantly took the decision to cancel the event. Discussion as to why occupied most of the meeting, however we still do not know exact reasons why interest failed. Therefore it was decided that we should canvas the entire Entry to find out why we have had a severe attack of apathy to what has been a very popular event.
BP will circulate a newsletter with a questionnaire and SAE to all of the Entry to determine WHY. The questionnaire will give Entry members the chance to air their views – anonymously if necessary. It will include suggestions for other venues/formats or ?
